

Ghent Generation Station

Ghent, KY

Project Stats	
Client:	Tetra Tech, Inc.
Location:	Ghent, KY
Year:	2018
Market:	Geovisualization
Project Size:	788.00 Acres

Services Provided:

GEOVISUALIZATION SERVICES

Orthophotography

Tetra Tech, Inc. partnered with Bayer Becker to verify construction of roads, storm water improvements, basins and quantities at the Ghent power generation station. Bayer Becker developed their hexacopter to complete precise mapping of a 40+ acre material pile and 220 acre active land fill operation. The UAS solution allowed Bayer Becker to map while the site was under active construction and provided a better map of some very nonuniform surfaces.
