

Landscape Architecture Project Manager

Experience Level: 5-10 years | Location: Cincinnati, OH

The landscape architect project manager will support our Landscape Architecture Department by providing research, design/construction drawings, presentation graphics, construction administration services, and assist our clients to realize their vision. A passion for design, an eagerness to learn, a collaborative spirit, and a possession of exceptional communication skills are essential to be effective in this role.

Position Requirements

- Bachelor's or Master's Degree from an accredited institution with a degree in Landscape Architecture
- Proficiency identifying plants
- Working knowledge of native and adaptive plants
- Preferred proficiencies in the following:
AutoCAD, Civil 3D, Adobe Creative Suite, ArcMap, Sketchup, digital graphic tablets, and hand graphics
- Demonstrated ability to create presentation graphics utilizing electronic media and/or hand generated sketches

Position Qualifications

- Support multiple projects with deadlines in a fast-paced office environment
- Communicate effectively with clients and design team members
- Attend and contribute to public presentations on behalf of the design team and client
- Guide projects through the approval process for local jurisdictions
- Evaluating site conditions including infrastructure, access, environmental considerations, natural aspects, soils, and other factors impacting a site
- Interpreting jurisdictional regulations and applying them to projects
- Translate ideas from sketches and written/verbal instruction into complete and accurate working plans
- Organize, prioritize, and perform work assignments individually and/or in group environments
- Possess a professional Landscape Architecture license
- Project Finance - proposals and budgeting
- Project Planning - scheduling and task management
